Donor Supply / Dismantling / Rolling Chassis / Semi and Full Engine Rebuilds

Additional items to basic build are included in the price list to help customers and to adhere to regulations. It is not necessary to assume that all parts are required to build the kit. Many new and used spares are available from Autotune UK and can be obtained if not in stock. Budget builds can be achieved by using most donor parts, flair and ingenuity!

Availability: Approximately 10 weeks from order, which will only be processed on receipt of a written order form with relevant deposit. Orders cannot be taken by telephone. Delivery by Autotune UK – please ask for details and costs.

DEPOSITS: Any deposit is Refundable up to 7 days from date of order: this applies to kits, parts ordered & s/h cars.
Chassis: £250.00, Body: £250.00

PAYMENT: Accounts must be settled by cash, Bank Draft, Bank Transfer or Building Society Cheque if payment is to be made on the day. Cheques will only be accepted 10 days prior to collection and must have cleared before goods are released. Refusals may offend!

Surcharges will be made where exchange items are not returned as required. Postage, packaging and insurance charges will be added to goods not collected from the workshop or where unavailable at the time of collection of another order.

Handling Charges: A 20% charge will be made where goods are correctly supplied. Parts supplied on special order or manufactured to order are not returnable. **STORAGE FACILITIES ARE NOT AVAILABLE**
